AMEREX DEFENSE, AN INDEPENDENT OPERATING DIVISION of Amerex Corporation, was established in 2009 for the sole purpose of providing innovative and reliable fire suppression solutions to our War Fighters at Home and Abroad. We work primarily through well-established Government Distributors and Defense Industry Original Equipment Manufacturers. We offer a full line of hand portable extinguishers, specialty wheeled units and pre-engineered suppression systems. Our product offering is currently used to protect US Military Personnel and Assets as well as those of US Foreign Government Allies. Our dedicated teams of professionals are located in Trussville, Alabama. We provide our customer base with Dedicated Contract Administration, International Trade and Compliance Support, Sales, Technical and Engineering Support, In-House Compliance Testing Capabilities and Cradle to Grave Project Management.

Amerex Defense
7595 Gadsden Highway
